Accessories

Linear coupling

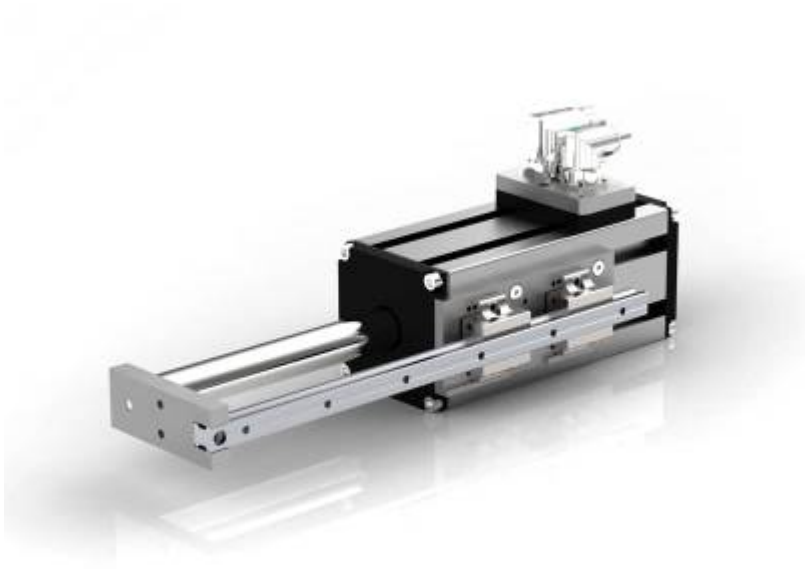

To connect the payload with the slider, a coupling system is needed to transmit the linear force only, to guarantee zero backlash in axial direction and to correct angular misalignment. Therefore, we recommend to use the linear coupling LK.

Anti-rotation mechanics with integrated pneumatic brake

Anti-rotation mechanics for horizontal applications

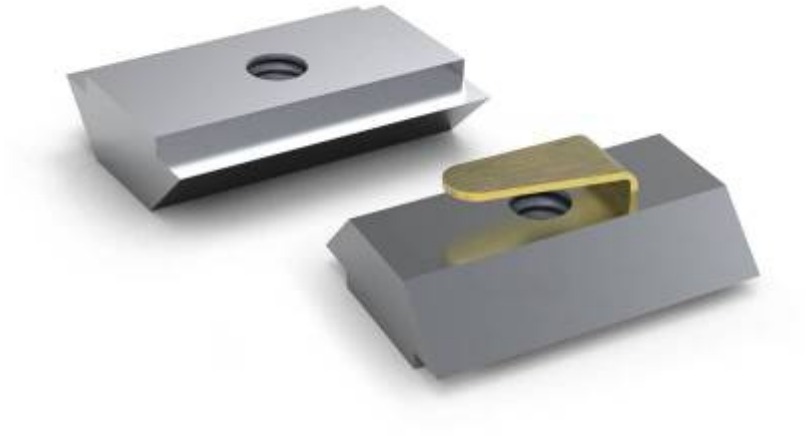

Cooling accessories

3D Model files of the FAN cooling system for GD250/GD350: :green_drive_motors:fan_cooling.zip

Mounting accessories - M5 / M6 / M8 Nuts
